The Longevity PassTM

A single day. A decade of clarity.

YOUR BESPOKE ITINERARY

MIAMI BEACH · FLORIDA · MEDICINE 3.0

THE EXPERIENCE

One uninterrupted day, engineered around you.

The Longevity Pass™ compresses what conventionally takes months into a single, seamless day of precision diagnostics and physician time. Every transfer, every threshold, and every hour is choreographed in advance — so your only task is to be present. What follows is the architecture of your day, organized into two phases: a morning-to-afternoon diagnostic arc, and a closing chapter of restoration and synthesis.

FORMAT	BIOMARKERS	PHYSICIAN TIME	BRIEFING
Single Day	250+ Panel	2 Hours, 1:1	15 Business Days

ADVANCED BLOOD ARCHITECTURE

A 250+ Biomarker Foundation

To enable real-time laboratory synchronization with your consultation, your comprehensive 250+ biomarker panel is completed first thing in the morning. Two delivery options are finalized in advance through your intake coordinator.

- ◆ **OPTION A Concierge Mobile Draw.** Our private phlebotomist comes to you — residence, hotel, or office — for your fasting blood draw at 07:00. At 08:00, your dedicated chauffeur transfers you to clinic headquarters.
- ◆ **OPTION B In-Office Collection.** Your dedicated chauffeur collects you from your residence, hotel, or office at 08:00 and transfers you to clinic headquarters, where your fasting draw takes place at 08:30 in your private suite.
